Cleaning and Care Guide  
by **Après Aviation**

[apresaviation.world](https://apresaviation.world)

# Interior Wall Panels

## Cleaning Instructions

- ✓ Vacuum
- ✓ Upholstery soap and water
- ✓ Upholstery shampoo
- ✓ Dry clean
- ✓ Steam
- ✓ Washable at 60 degrees
- ✓ Bleach Cleanable
- ✓ Bleach - general disinfection: diluted 1:10
- ✓ Bleach - high level disinfection: diluted 1:4
- ✓ Antibacterial spray/wipes

# Seat Upholstery

- ✓ Wipe up spills
- ✓ Clean with soap and water
- ✓ Sanitize using disinfectants such as (1.5) bleach/water solution
- ✓ For stubborn stains, wipe off with isopropyl alcohol as soon as possible
- ✓ Thoroughly rise all solution residue with clean water and air dry

**Ink & Stain Resistant collections note** - A variety of clothing and accessories may contain dyes that could transfer to lighter colors, depending upon variations in temperature and humidity. Dye transfer is difficult to control, not always fully preventable, and may be irreversible. Fabric may not protect against intentional stains or permanent inks.

# Exterior Panels

Regular cleaning with mild agents is recommended.

**Products to avoid:**

- ✗ Do not use abrasive and scouring agents (e.g. scouring powder, steel wool) for cleaning.
- ✗ Do not use polishes, waxes, furniture cleaners, re-greasing plastic cleaners and bleach.
- ✗ Do not use cleaning agents that contain strong acids or strongly acidic salts.

Cleaning EGGER surfaces is generally easy and regular cleaning is important. Gentle agents such as glass cleaner should be used.

For best results, always use soft cloths and avoid rough sponges that could create gloss marks. Clean in the direction of the surface texture, especially on deeper textures, for optimal results.
